

Writing a powerful and compelling

# STATEMENT OF PURPOSE

This statement is your chance to add some color to your application. It's brief – about 300 words or a single page – but it's important as it helps put the “why” into your story.

## The introduction.

Start with an opening narrative. Where are you from? What has shaped your interest in accounting or finance? What are you doing now? Give us a little context that helps us understand your story.

## The reason you're applying.

Next, make a connection with us. Explain how a Master of Accounting (MAC) degree can enrich your life. And, why do you think you'd be a good fit for the UNC MAC Program? Let's get to know each other.

## Your goals and aspirations.

Tell us where you're going. Why are you ready NOW? How have you prepared yourself for this challenge? Outline your short-term and long-term career goals. Show us that you mean business!

## The difference you'll make.

What's in it for us? Building a diverse community of motivated students is important to us. How will you contribute? Tell us about any volunteer, leadership, or student ambassador positions you've held.

## The conclusion.

Finally, wrap it up. Reiterate your key points and tie everything together. What's the one thing we really need to remember? Be interesting and leave us with a good reason to get excited about you!
